

These tables, derived from this year's Progress Reports, show that schools with higher concentrations of self contained students, or higher concentrations of students with any IEP at all, and with lower Peer Indexes consistently receive lower Progress Report grades than other schools:

Median and Average **Peer Index** relative to Progress Report grade, 2011

	"A" schools	"B" schools	"C" schools	"D" schools	"F" schools
Average	2.49	2.31	2.09	2.06	1.91
Median	2.34	2.20	2.04	2.04	1.9

Median and average **percent self-contained students** relative to Progress Report grade, 2011

	"A" schools	"B" schools	"C" schools	"D" schools	"F" schools
Average	1.9	2.7	3.6	4.1	6.6
Median	0.3	0.7	3.3	4.3	6.6

Median and average **percent IEP students** relative to Progress Report grade, 2011

	"A" schools	"B" schools	"C" schools	"D" schools	"F" schools
Average	12.1	14.2	16.3	14.9	18.6
Median	13.0	14.3	16.6	14.7	18.7
